MADE BY MINORSNational Baseball Commission  
Ends Eighth Annual  
Meeting.

## CLASS AA IS RECOGNIZED

Will Be Ranked Between Two  
Major Leagues and  
Class A.

Cincinnati, Ohio, January 4.—With the recognition of a class in minor baseball leagues, to be known as Class AA, and a revision of practically every section of the national peace agreement, the National Baseball Commission ended its eighth annual meeting here today.

The drafting season, which has heretofore opened on September 1, will in the future open on September 15. The season for purchasing players will close August 20, as formerly. The first five days of the drafting season, from September 15 to September 20, will be given over to the major leagues exclusively. Two days will then be allowed to elapse, and the Class AA league clubs will have a ten-day drafting season. Then the leagues of lower classification will have their season in the order of their classification.

One of the principal changes in the agreement was the price to be paid by major league clubs for minor league players who are drafted. It follows: To Class AA, \$2,500, instead of \$1,000; Class A, \$1,500, instead of \$1,000; Class B, \$1,000, instead of \$750; Class C, \$750, instead of \$500; and Class D, \$500, instead of \$250.

Class AA league clubs are permitted to draft from any league of a lower classification, including the Class A, provided that the latter club clubs have not lost a player by draft to the major league clubs.

The limit of the number of players which can be carried on the roster of a club also was revised as follows: Major League clubs, 25; Class AA, 20; Class A, 18; Class B, 15; Class C, 12; Class D, 10. No provision was made for Class E.

Heretofore the National Association of Minor League Clubs paid an annual assessment to the National Commission of \$1,000. This was done away upon recommendation of President Johnson, of the American League, and in the future the commission will stand the entire expense of running itself. This is the result of the healthful receipts from the recent world's championship series, which were under the auspices of the commission.

Another rule which has a bearing on all minor league players was passed at the request of the minors themselves. It adds that no minor league club be allowed to increase the pay of a player who is under a probationary contract more than 25 per cent. of the salary he received from the minor league club from which he was obtained. In regard to this it was explained that the players frequently were given a huge salary for the forty-five days of probationary play with the major leagues, only to be thrust back into the minor and become dissatisfied over the smaller salary there.

Hereafter all major league ballplayers and clubs will be prohibited from playing exhibition games in minor league towns without the consent of

the home club, while the same rule applies to minor league players and minor league clubs playing in major league towns.

August Herrmann, president of the Cincinnati baseball club, was re-elected chairman of the commission; John E. Bruce, of the St. Louis club, of the American League, was selected as secretary.

J. H. Farrell, secretary of the National Association, in speaking of the changes, said: "The commission awarded every request made by us, and I believe that we have bettered conditions among the minor leagues over 100 per cent. There will not be a minor league man in the country that will not be dated over the result of the meeting."

The requests made by the minors were fair in every case, I think that we have bettered the conditions of the national game as well as that of the minors."

BEGIN PRACTICE  
IN BASKETBALL

Ashland, Va., January 4.—Randolph-Macon College opened yesterday after eleven days' Christmas holiday. Nearly all the students returned on time and started on their work. The midyear examinations, which kept the men from basketball practice, were all completed December 22. The men trying for the basketball team started in with a light practice yesterday, and from the appearance of the material now out the Yellow Jackets will have a very fast and strong team. J. H. Woodhouse, one of last year's letter men, will be missed from the line-up, as he is going to leave college and take a business course in one of the business colleges of Norfolk. This leaves four of last year's team back, but Hopkins, who played right guard, will hardly be able to play for several weeks, as he has not entirely recovered from injuries received during the football season.

Manager Milleney has arranged several good trips for the team this year. One of the trips taken in Hampton, Sidney, at Farmville; Lynchburg Young Men's Christian Association, at Lynchburg, and the Randolph-Macon Academy, at Bedford City. Before the end of the season the team will play Wake Forest College, at Wake Forest, and Catholic University, in Washington.

Since the gymnasium has been enlarged many of the students have taken up indoor baseball, and there is a movement on foot to form a league among the students in this branch of the game. The game is new to most of the men, but as it is very much like the outdoor game, it is very easily learned.

EXCITING CHASE  
OF FAMOUS FOX

Spotsylvania, Va., January 4.—One of the most exciting and animated fox chases ever had in this county took place Monday. It was known where the abode of a noted red fox was in the county, and this Reynard had been hunted many times unsuccessfully. The many hunters of the county combined to capture this noted rascal, and thirty men and women, well armed, went with thirty-six well trained dogs to capture the fox. Within an hour after penetrating the forest this red fox was cornered and was overtaken and caught. The fox was a very large one, weighing about 150 pounds, and was a very fine specimen of his kind. The fox was killed by a shot from a .300 caliber rifle. The fox was a very fine specimen of his kind. The fox was killed by a shot from a .300 caliber rifle.

## BILLY REINS TITLE.

Defeated Henry Wirth, of Chicago, in Hard Contest.

Battle Creek, Mich., January 4.—John Biliter, of Toledo, retained his title as lightweight wrestling champion to-night, defeating Henry Wirth, of Chicago, in a hard contest. After each man had won a fall, Wirth was disqualified for using the straightchop, which was barred.

John Biliter, world's lightweight champion, won the first fall from Henry Wirth in their struggle for the title to-night in fifty-seven minutes and a half-nelson.

The second fall was taken by Wirth in twenty-seventh minutes with a full hammerlock.

## ORDER WILL STAND

Railroads Must Furnish Individual Drinking Cups.

Trenton, N. J., January 4.—The Supreme Court this afternoon, after a hearing, refused to set aside the order of the Public Utilities Commission requiring railroad companies to furnish individual drinking cups to passengers on their trains. The railroads wanted this order set aside pending an appeal made by them to the Supreme Court last week.

SEVEN CITIES NOW  
IN OUTLAW CIRCUIT

In Addition to Five Franchises Already Granted,  
Pittsburgh and Cincinnati Are Taken In.  
Several Applications for Remaining  
Vacancy.

(Special to The Times-Dispatch.)  
New York, January 4.—The United States Baseball League, launched in December last, held its second meeting to-night, the movers in the projected organization assembling at the Hotel Imperial. When this new league for baseball patronage met before it was announced that it had five cities as sure members, and to-night the circuit was increased to seven cities. These seven are New York, Brooklyn, Washington, Pittsburgh, Richmond, Cincinnati and the two points recruited since the last meeting.

New York was represented to-night by Charley White, the noted referee, and to him the local franchise was granted. The others present to-night, and to whom it was announced that the franchises have been granted in ten respective cities, were: Brooklyn, Ambrose Husey, Jr.; Richmond, E. C. Landgraf and J. J. Lazarus; Washington, Hugh McKinney; of McCullough and Captain Marshall Henderson, of the league; Cincinnati, John J. Hyatt, former aqueduct commissioner of New York City.

Applications for franchises were received from Newark, Baltimore, Philadelphia, Buffalo and Chicago, and from these the eighth city will be chosen. Newark and Baltimore representatives on hand to-night, but their qualifications were not acceptable, and they were told to go back and get better ones. In the meantime the Chicago bid looked pretty good to the delegates, and President Whitman is to make a trip to Chicago to look over the ground there. The only objection

to the Chicago bid, the United States League folks say, is the long railroad jump. But the proposition is being favorably regarded, and the new league organizers say they can get grounds on the North Side in the wind-blown municipality. In all the other towns—that is, the seven chosen—they say they have the matter of parks all settled and decided upon.

The New York grounds are to be on Manhattan Island, whereas in Pittsburgh a site has been found eight minutes from the heart of the city, not far from the city hall, and in the direction of Forbes Field, where the Pirates play.

The league will meet again in ten days, and in the meantime the United States League people say it is not their intention to make war on national agreement clubs. They intend to ask for protection, but are prepared to go ahead without it, they declare. No contract jumpers are to be taken, but if the national agreement clubs start anything in the way of grabbing United States League players, the latter league will seek reprisal.

It is down again to 19 degrees late to-night. There is a chance, however, that these cold waves prove not to be as bad as painted, but it is believed that the cold wave on the way is the last word in cold waves.

LEADER OF CULT  
APPEARSON STANDHe Denies Having Knowledge  
of Whereabouts of Missing  
Lindsay Boy.

Chicago, January 4.—A second disappearance of William Lindsay, twelve years old, and heir to an uncle's fortune, appearance on the witness stand of the cult leader and the introduction of testimony controverting the latter's assertions that the boy and his mother held places in the cult different from other members, were features of to-day's hearing in the Juvenile Court, involving the "Rev. Dr." Otorman Zar Adushit Ilanich, head of the Mazdaznan cult here.

The court proceedings are the outgrowth of an uncle's attempt to remove the boy from the cult's "temple," where he was living, and where, with his mother, he was receiving "treatment" in accordance with the Mazdaznan belief.

Ilanich denied knowledge of the whereabouts of the boy or his mother, declared he was of loyal descent, that he was known by the term "master" at a Chicago medical school, and was characterized "lovereid" his life own society. He told of trips about the country with the Lindsay boy at the mother's expense, told of visiting Mrs. Lindsay at her New York apartment and denied that any improperities took place at the temple.

Mrs. Alma Reiskirt, of New York, sister of Mrs. Lindsay, related tales she said her sister had told her where in Dr. Hanich's Chicago medical school, and in the incarnation of Christ, she had described mystic rites of adoration before pictures of Christ and Hanich by Mrs. Lindsay and the boy. Mrs. Lindsay, she said, told her Hanich said he was a prince of France and that the boy was the "lost orphan of Louis XVI."

Mrs. Aseneth Cochran, of New York, a friend of Mrs. Lindsay, said the latter had told her of the discovery of Christ in Hanich, and gave as proof the statement that the cult leader "told her all about herself."

A recess was taken until Saturday.

COLD WAVE HANGS  
OVER RICHMOND

Temperature Expected to Drop  
Down to Ten Degrees  
To-Night.

Director Evans, of the Weather Bureau, sent word to the shivering ones here to-night that the temperature was expected to drop to twenty degrees within the next thirty-six hours, which would give Richmond the first real cold wave of the winter. The temperature stood around 30 degrees when the notice was issued, which will be down again to 19 degrees late to-night. There is a chance, however, that these cold waves prove not to be as bad as painted, but it is believed that the cold wave on the way is the last word in cold waves.
